38	Use ARPA funds to reuse R7 boarding houses (especially in residential West Urbana) to provide housing and economic opportunity for low-income Urbana families. Purchase the current R7 boarding houses at fair market value, either through negotiation with current owners or by eminent domain. Refurbish the houses into duplexes, preserving as much of the original exterior features and as possible. Develop a program to enable low-income Urbana families to purchase the remodeled homes by providing low interest loans, and education on how to succeed at running a rental business (e.g. leases and leasing, property maintenance, regulations...). The ownership agreement would have a covenant that at least half of the duplex property must be the primary residence of the owner, thereby ensuring that the homes are owner-occupied and the properties are properly cared for. The rental side's income will cover the mortgage and maintenance costs of the entire property. Thus, this plan will help low-income families up the economic ladder and provide the stability and care of owner-occupied homes to the neighborhood.	4/5/2022 8:25 AM

they simply need to "approve" these initiatives. They are holding up progress because they are so bent on controlling everything. They need to trust the board members and commissioners, who are experts (usually) in the fields of the boards/commissions they represent. Simply doing this would speed up economic recovery and development. Do they need some training on how the process works?

72	The planned Health and Wellness Center of the Urbana Park District would provide much-needed recreation and education opportunities for all Urbana residents, particular those living on the east side. The covid pandemic has been, first and foremost, a public health tragedy, and it would be fitting for Urbana to spend its funds primarily on promoting public health--that is, the health of hundreds and thousands of Urbana residents at once. I trust there's little reason to inventory that many benefits of this facility, as a stand-alone place of recreation and, even more, as a site for outdoor activities on playgrounds and in the natural areas of adjacent Weaver Park. My wife and I contribute regularly to many local causes--very much including United Way, as well as local land conservation efforts. As we have evaluated options for the use of our own funds, we ended up giving the new UPD facility a top rating, for public health, for community well-being generally, and for environmental conservation. It's a splendid, well-conceived project that the City should be proud to support.	3/30/2022 2:54 PM

83	A community skatepark/action sports park in an underserved area would offer a long term (20-30 years) investment in the community. Action sports connect young from diverse backgrounds (widening each other's experiences), provides physical fitness, promotes personal development, resilience, individual/ team building, courage and maintains a low cost point of entry. Skateparks offer a deep position for community outreach to occur. Structures that are concrete and well built will serve the community for decades with very little maintenance required.	3/30/2022 9:42 AM

1	See also TransitionNetwork.org about reimagining our city to movement away from fossil fuel dependency and healthy community lifestyles. For ongoing support of ARPA programs also see City of Evanston tax on cannabis sales.	4/13/2022 4:50 PM
2	no	4/13/2022 12:07 PM
3	Lower residential speed limits, address problem intersections that make connectivity difficult, and develop a system of active transportation friendly routes (eg. bike boulevards, traffic calming, and similar) that connect green spaces (U Park District/CCRPC route) (this spans Sustainable Infrastructure and Public Health and Safety)	4/11/2022 8:27 AM
4	City owned solar array and public utility. Energy costs are rising, and this hits people living paycheck to paycheck the hardest. Choosing between rent, food and electricity is a difficult decision. Switching to renewables only exacerbates this issue. A public utility would cut out the profit motive, allowing costs to stay low. Income generated could be used to expand the project.	4/9/2022 7:52 PM
5	our society is heading toward robotic and AI takeover of a lot of jobs, from truck-drivers to manufacturing to basic customer service. it is headed towards shorter workweeks, working from home, and shared jobs. it is headed toward healthcare as a right. it is headed toward universal basic income, or a progressive tax system that includes a lowest-tier that provides EVERYONE ALIKE the amount required to at least survive (\$12K? \$18K? per year). I would like to see us look ahead more than 1/5/10 years, to what we would like urbana to look like in 50 or 100 years. BE VISIONARY.	4/9/2022 6:48 PM
6	FUND the POLICE	4/8/2022 4:48 PM
7	Make sure when you give money to a specific agency that it's doing a good job, not pretending to clean the streets and pot holes - they get worse everyday in the spring after it snowed.	4/8/2022 4:47 PM
8	Help nonprofits apply for the grants they are eligible for as feasible, it may be cost-effective to hire a dedicated grantwriter to assist them in getting funds.	4/8/2022 4:22 PM
9	More housing for homeless	4/8/2022 12:24 PM
10	I WANT THE INDOOR PARK DISTRICT POOL OPEN 24/7 WITH FULL TIME STAFF, AND AN PERCENTAGE OF AFRICAN AMERICAN HIRES TO MATCH THE COMMUNNITY. THIS SUMMER! PROGRAMS FOR YOUTH AT RISK AND ELDERS.	4/7/2022 2:48 PM

15	More food banks	4/7/2022 11:57 AM
16	Assist paying for court cases / insurance loss for small business owners who lost livelihood due to shut downs and protests	4/7/2022 11:49 AM
17	We have been looking at opportunities to build a community center and foodbank to relocate our current Hope Center and add additional resources and capability for the community. We have land available at our current location already that could house such a project.	4/6/2022 3:56 PM
18	No pork belly spending	4/6/2022 1:41 PM

19	Work with our schools to coordinate youth programs to get young people involved in constructive after school programs instead of inappropriate after hours activities in the community.	4/5/2022 3:26 PM

23	City trash pick-up program; Increased frequency of City leaf pick-ups + switch to leaf vacuum trucks	4/4/2022 3:33 PM
24	Grants should be available for a community center for youth/teens!	4/1/2022 4:36 PM

28	Skate Parks	4/1/2022 11:23 AM
29	Not sure what category it is but some money going to the Urbana Park district New building would be great. Also money going to the public schools would be great	4/1/2022 9:12 AM
30	Rehab the Urbana Civic Center. Then charge fair market value for its use. To rent the space in the past was way below market. Put solar panels on rooftops of all public building. Solar panels over the Lincoln Square parking lot to shelter cars and provide electricity for Lincoln Square. I have seen this in other countries. It serves a dual purpose.	4/1/2022 8:52 AM
31	We need a skate park! Let's invest in something a little scandalous but an activity that is known to build community and friendships. Skateboarders need a safe place to go and safe spaces to be active. PLUS it's good exercise and a great after school activity. There's a community (locally and globally) that come together to teach, learn and enjoy life.	4/1/2022 7:57 AM
32	Better paved side roads. Not the cheap black rock material that doesn't last more than a season and has to be redone. Invest in proper road maintenance and do it right.	3/31/2022 9:55 PM
33	I would love to see a more holistic look at the downtown area to create a more effective use of dead space (i.e. parking and undeveloped locations) to activate the downtown; this is probably lower than all my other items listed above.	3/31/2022 6:10 PM
34	Skate park in Urbana	3/31/2022 5:35 PM
35	I do NOT want money to go to the UPD's health and wellness center. They were to raise money for that privately. Hire more code inspectors	3/31/2022 3:32 PM
36	Covid problems encouraged neighbors to help each other when things closed down. Existing networks that developed to address most urgent needs should be supported, for they already determined what is most urgent. Lots of interviewing in poorest areas for what they want help with, local input, because each neighborhood will be different. Listen, don't tell.	3/31/2022 3:12 PM
37	Would hopefully like to get a skatepark	3/31/2022 11:13 AM
38	You got a grant. Use that money. You will see a 100% return on your investment	3/31/2022 7:30 AM
39	Skatepark!	3/31/2022 5:23 AM
40	I feel like a skatepark is well needed because there isn't one close enough for most to get to and there's not many place for the ever growing skate culture to go. I feel like it would be a very good investment and a good chance to bring in some new faces a good people.	3/31/2022 3:25 AM

without being in harms way.

45	The Vineyard Church (located on the corner of Lincoln Ave. and Bradley Ave) has interest in building a community center next to our church. This could provide many services to the community including our Food Pantry weekly distribution, youth space for a safe environment for kids, career training, automotive repair services, etc. We are looking for added financial support to make this a reality to service the Urbana community.	3/30/2022 12:16 PM
46	Would like more sheltered bus stops.	3/30/2022 11:45 AM
47	A Well-designed and modern skatepark in Urbana. Hopefully in a park that incorporates many other sports for all enthusiasts	3/30/2022 11:35 AM
48	A skatepark built with input from the skateboarding community in Urbana	3/30/2022 11:30 AM
49	Yes, we need a skate park to allow the youth and college students a safe place to congregate And exercise while skate boarding	3/30/2022 11:28 AM
50	The sidewalks on Lincoln Avenue are very dangerous. The streetscape needs to be altered to provide safe walking areas for pedestrians away from the road.	3/30/2022 10:48 AM
51	New recreational facilities	3/30/2022 10:35 AM
52	I'm a local skateboarder in Urbana. Urbana has a lot of=things to do but it doesn't have one outdoor/indoor park for people to ride their bikes, scooters,=or skateboards. I think this is absurd considering how many people I see riding around town on=skateboard scooters bikes. They have nowhere safe to go to perform their visual arts.=Because of that I see them in the streets. At least three times a month I'm almost hitting=someone with my car cause they're in the road riding there bike scooters and skateboards. I=think it would be a great investment for the people of Urbana to make a outdoor or indoor park=for them to ride their skateboards bikes and scooters in a safe environment.	3/30/2022 10:17 AM
53	Skate park	3/30/2022 10:12 AM
54	Skatepark in Urbana please!	3/30/2022 10:00 AM
55	As a co-owner of a skateboard shop in Urbana, I see the number of young kids in Urbana that need a place to skate. The closest park is Spaulding in Champaign. The trek to get there alone is not safe for Urbanites. And the park is in a notoriously dangerous part of town where there have been active shootings with kids present. A dedicated park also helps prevent skaters from trespassing in areas where skating isn't allowed. They skate in those unwanted places currently, primarily because there is no other outlet for them so they risk police getting called just to do the thing they love. Urbana has the real estate and resources to provide the growing skate community a safe place to go. And there is a growing community of skate advocates in town that the city could lean of for support and guidance in the planning of a park.	3/30/2022 8:47 AM
56	Urbana Skatepark	3/30/2022 8:15 AM
57	Urbana needs a skatepark	3/30/2022 8:02 AM
58	Skatepark	3/30/2022 7:45 AM
59	A skatepark would be great for attracting those who aren't into regular sports but will have the same benefits of expression and self-discipline.	3/30/2022 7:42 AM
60	skatepark	3/30/2022 7:21 AM
61	Skate park	3/30/2022 7:16 AM
62	Improving school buildings	3/29/2022 7:44 PM
63	Help strengthen relationships between city and schools including youth training and services	3/29/2022 5:24 PM
64	Lower property taxes!!! Less support to MTD. It's inflated and top heavy. Busses are almost empty and they're ruining our streets. Let university subsidize student transportation.	3/29/2022 5:23 PM
65	Start developing Main and Vine. Also work on tearing down abondonned houses. I saw several while working for the census in Urbana.	3/28/2022 5:27 PM
66	Arts and Culture MUST be a part of the City's visioning for relief and support.	3/28/2022 2:58 AM

71	More running/biking friendly neighborhoods that lack streetlights and sidewalks	3/21/2022 7:27 PM
72	Programs for affordable pet care or dental work	3/21/2022 6:28 PM
73	Muchas de las familias que viven actualmente en casas móviles están interesados en comprar casa pero no cuentan con suficientes medios económicos para cubrir un pago inicial (down payment). Urbana necesita tener un fondo de ayuda para quienes están comprando casa por primera vez. Hay muchas familias que viven y trabajan en nuestra comunidad y quieren seguir siendo parte de ella.	3/21/2022 2:18 PM
74	Contract repair and annual cleaning of all sidewalks to local minority businss.	3/21/2022 11:49 AM
75	Help Urbana homeowners keep their homes by lowering the property tax rate.	3/18/2022 10:27 PM
76	Fits multiple priority areas: It would be a great opportunity to explore a Universal Basic Income pilot program.	3/18/2022 3:00 PM
77	Safety issue - blighted neighborhood : The sidewalk on the north side of Crisis Nursery is a personal injury accident waiting to happen. But that neighborhood has taken note of what is happening at Crisis Nursery. Surrounding homes have planted gardens and tend their homes. A Community Garden has been built across the street. Green space spreads hope and tranquility. Please consider repairing that sidewalk.	3/18/2022 9:07 AM

89	No	3/17/2022 1:19 PM
90	bike lanes or any other improvements to help reduce car traffic	3/17/2022 11:22 AM
91	The Champaign County fairground has become a bad neighbor. The races are loud and affect nearby residents, and the schedule has not even been available online to know when they will be taking place. I don't know if this is a problem this funding would solve but if there is a way to negotiate or reach an agreement about what activities take place there, that would be amazing. Could the city purchase and annex the fairgrounds? The income from the Carle parking arrangement could then go the the city. The fair is one of the things to endure that creates a lot of noise, traffic and litter, and the fair board seems inaccessible and out of touch, and not respectful at all to nearby residents. Second idea - work with the township to accelerate the replacing of the bridge and reworking the road on Country Club between Cunningham and Lincoln. It is getting more and more traffic who use that as a east/west route and dangerous for bicyclists and pedestrians.	3/17/2022 10:02 AM
92	Sweet Corn Festival. Street parties in summer. Community events are a good thing.	3/17/2022 9:45 AM

commitments to accessibility, equity, and human rights, all of which are important to me as a queer person of color in tune with the ways cities often disregard basic elements of safety. Since moving here, it has been painful to see senior community residents and people with disabilities specifically and the general community more generally in Historic East Urbana struggle to get from one point to another because of sidewalks that are at best not leveled and slick with water, moss, and the like and at worst basically unusable. Though I thought this was just an issue on my block, getting to know the neighborhood and surrounding areas makes it clear that accessibility and physical safety of the most vulnerable in our community are not a priority for the city of Urbana. Having done research, I've learned that this is both a contentious issue in terms of resident preference for materials, and the city has for nearly 20 years (!!) claimed that there are no funds to attend to these. Given the now available funds, it seems important to prioritize these long standing physical infrastructure concerns. To see people with disabilities and senior resort to walking on the strewn not only in winter, but also in spring and summer seems like a ticking legal liability for the city. I'm hoping that ten years from now the excuse won't be that these can't be fixed because of costly lawsuits against the city for violations against the Americans with Disabilities Act.

95	Although city is different from park district and school district, both of those are highly unequal in their ammenities/schools by neighborhood. Work with these bodies on equity changes that are real via providing funds for projects affiliated with poorer schools and parks.	3/17/2022 9:19 AM
96	I feel so overwhelmed by all the needs, I can't seem to settle on solutions that might actually work. I can offer that the lack of mental health services the past years has hurt my family. A community with new buildings dedicated to cancer, orthopedic, brain health but not to mental health tells a story. We are told to call 911 so that the police offer help--the best source of mental health counseling ??	3/17/2022 9:01 AM
97	Affordable clean drinking water and for the company who is creating a smell in east Urbana to move.	3/16/2022 8:19 PM
98	Have the City government lead on a PUD approval for the parking lots south of Illinois St. Spend (or promise to spend) only enough money on development as is necessary to attract a developer to come in and pay for the rest.	3/16/2022 4:16 PM
99	Buy the farm land that is for sale by Menards east of the city and turn it into native prairie. Something like Meadowbrook.	3/16/2022 3:06 PM
100	No.	3/16/2022 12:43 PM
101	I would like to see more opportunities for housing people living in mobile homes to live closer and in a more walkable part of town. There really are not a lot of options for housing and we need to push aside this, "only rich Directors/Faculty" can live next to Carle or the University. Can we invest in housing and filling the housing gap? Reduce barriers to start neighborhood businesses in all neighborhoods? Let people see Urbana as a home to their great idea and not a hard "no."	3/16/2022 12:26 PM

This program would address all of the priority areas as these homes would provide affordable housing, which positively impacts social services and economic development and with the latest technologies these homes would improve the health of residents and address sustainability with net zero homes.	3/16/2022 9:42 AM

111	I'd like to see more investment in making the area a place where the students/staff/faculty who come here to study...study and then want to stay. To do that, I think there ought to be a plan for economic investment and development, culture, and arts that draws people in.	3/15/2022 11:58 AM

113	A few years ago the city council approved 5 new officers to combat the growing violence. Since then- 1 was cut in the budget. 2 became SROs, and 1 became the mental health officer. That leaves only 1 officer from the original 5. You need to replace the ones that they lost on the street. Isn't the school/ Roscrance paying for 3 of them??? I know this money won't be refilled, but adding officers is never permanent because of how many leave each year for retirement among other reasons. I.e. if they are allotted for 59 and you hire 2 more (now 61) it won't take long for 2 officers to leave to be back at 59. Hiring/training a new officer takes around a year before they can help combat the violence. We need to approve more hires above the allotted amount to overlap anyone leaving the department.	3/15/2022 6:50 AM

7	I hope that those who are most in need in our community will receive the greatest benefit. The African American community that lives north of University Avenue is one of those groups. The woman with the darkest skin is always the one with the most challenges and greatest needs. Make her a priority. I am very prolific and would like to see many social programs that will provide for free health care and education from conception to high school, as well as addressing other needs that prevent a person from achieving their potential when not addressed. This is a lot of money and I hope that it will be spent carefully and wisely. That said, I do not have the expertise to suggest specific programs and am grateful to those of you who do. I'm trusting you to do your very best and target those most in need.	4/13/2022 12:07 PM

41	The money should go to those who have persistently been ignored or struggled the most in Urbana, not to another park in West or East Urbana where there are already well off people with lots of public facilities. I say this as a resident of Ward 4. This is why I support workforce training, violence prevention, and sewer upgrades/infrastructure in those areas and populations.	4/5/2022 9:30 PM
42	A more prosperous downtown.	4/5/2022 6:08 PM
43	Reduction in violent crimes; less unemployment; less trash on streets	4/5/2022 6:06 PM
44	Rather than making a few big bets with this money, which rarely pan out, I'd like to see a lot of small bets to see where we can get the most bang for the buck, then replicate those types of things to make bigger changes over the long run.	4/5/2022 5:00 PM
45	Approve the CDAP program into the City Contracting ASAP	4/5/2022 4:01 PM

62	I would like to see more affordable updated (if not new) housing (apartments, condos, townhomes) for single professionals. It seems as though the options are student housing, renting an old house that needs MAJOR updates/renovations, or having to buy a place that may decrease in value due to decreasing population.	4/1/2022 4:16 PM

74	Build a skatepark	3/31/2022 6:36 PM
75	I would like to see our police department properly equipped and supported to reduce and solve crimes; we should be partners with them not opponents. I would like to see some incremental change in how we perceive public infrastructure and fund it accordingly to eliminate long-standing mis-perceptions on what the true costs to operate and maintain this infrastructure is.	3/31/2022 6:10 PM

105	I would like to establish a safe place for people to ride their bike scooters and skateboards. A place that is kid friendly! Welcoming people of all skill sets to ride the ramps. The parks in town now are all outdated and harder for people to ride that are showing up to a park for the first time .	3/30/2022 10:17 AM

108	Sustainable infrastructure improvements and health benefits for the citizens of Urbana.	3/30/2022 10:00 AM
109	Urbana skatepark	3/30/2022 9:16 AM
110	I think a skate park in Urbana would significantly grow an already thriving community of skaters who regularly use Champaign's skate parks. It would improve accessibility for Urbana kids and residents without reliable transportation. Roller sports of all kinds utilize skateparks, and these have been on the rise during covid because they are fun and challenging ways to exercise safely without the significant barrier to entry of other team and organized sports or gym memberships. Skateparks promote personal growth and perseverance, exercise and play, passion and creativity. The friendships, support, and role modeling relationships that naturally develop at a space like this can also be life changing especially for people who do not have many welcoming safe places to go. It is one of the few places where it is not surprising to see someone age 10 and 35 engaging on a shared passion. Urbana park district has an opportunity to grow this community to reach more people and families that never considered skating, making it more accessible, inclusive and better for everyone.	3/30/2022 9:12 AM
111	A more peaceful and less violent area with more people being accepted in the community	3/30/2022 9:11 AM
112	Skateparks being built can help keep the youth and sometimes even older people out of trouble	3/30/2022 8:59 AM
113	To give a community that is here and begging to be cared for a safe place where they can go. It's a positive community that encourages setting goals, working for them, guiding each other and achieving them through determination. And that's all we're asking in return. Thanks	3/30/2022 8:47 AM
114	I would love to see Urbana residents individually, and Urbana collectively, thrive in our recovery from this pandemic, and have in place resources that make our community more resilient going forward.	3/30/2022 8:27 AM
115	I would like to see a community skatepark built in Urban.	3/30/2022 8:15 AM
116	A new skatepark	3/30/2022 8:10 AM
117	Urbana having a skatepark	3/30/2022 8:02 AM
118	definitely would help improve local people who would like to come out and skate and it is also an escape for a lot of people	3/30/2022 7:48 AM
119	The schools need help, I work in Urbana, would love to live here too, but I won't put my children in the school district, so we live in Monticello because they have safe schools. Urbana does not have safe schools. Fix it!	3/30/2022 7:42 AM
120	Just more people in the community feeling safe	3/30/2022 7:42 AM
121	a new skatepark	3/30/2022 7:21 AM
122	Skate park	3/30/2022 7:16 AM
123	1. Violence reduction--stop the shootings and killings on the streets of Urbana. 2. Create interdisciplinary programs that will provide mentoring and apprenticeship programs in a variety of disciplines to give young people (teens) hope and a path for their future. 3. Make Urbana a model of a sustainable city, resilient to all climate impacts. 4. Create an inter-disciplinary program that touches on a number of categories above as a first-time homeowner program that helps people buy their first home and provides job-training in the carpentry and other housing arts trades. This could be aimed at both youth and adults, and even target recently incarcerated individuals to give them future work opportunities.	3/29/2022 5:58 PM
124	Increase quality of life	3/29/2022 5:24 PM
125	Make Urbana more affordable to live in. Less focus on certain populations such as students and minorities.	3/29/2022 5:23 PM
126	Helping or doing good all people of the community - using the money to benefit the most people in the city not just a select few.	3/29/2022 4:39 PM
127	It should not pay public officials' salary or bonuses or go to panels or study groups.	3/29/2022 4:23 PM
128	Safe neighborhoods with thriving businesses that support our community by providing quality jobs, goods, and services	3/29/2022 3:30 PM

129	I would like the money not to fill the pockets of someone that does business with someone in an elected position. Illinois has a reputation of corruption.	3/28/2022 8:30 PM
130	Lincoln Square getting more business	3/28/2022 5:27 PM
131	I'd like to see our success defined by measurable drops in the rate of gun violence, evictions, incarceration, school violence, truancy, DV cases, unemployment, and police calls. I'd like to see an increase in academic improvement for teens with IEPs, youth programs, college readiness/rates of enrollment, trade training, food security, etc.	3/28/2022 2:58 AM
132	Except for the recreation center, I'd like to see the funds go as directly as possible to the people who need it, as opposed to businesses and other wealthy individuals.	3/27/2022 7:11 PM
133	Reduced violence in community! Improved infrastructure protection from cyber attacks. More use of renewable energy.	3/27/2022 11:45 AM
134	access for all Urbana residents to food, housing, and health and wellness opportunities	3/27/2022 11:04 AM
135	A more connected and neighborly community, which makes us more resilient.	3/26/2022 8:56 PM
136	Support for people who have been hurt by the pandemic and those who have been displaced by wars. Transportation so people can get to work. Support for stable housing so that people have a base to work from to obtain work and support families.	3/25/2022 4:19 PM
137	Reduced community violence, more affordable housing for seniors and very low income individuals,	3/24/2022 10:38 AM
138	Let's reduce crime by creating affordable housing, jobs that support a good standard of life, supporting small business	3/22/2022 6:10 PM
139	Equitable utilization of resources	3/22/2022 6:05 PM
140	Funds to complete the UPD Health and Wellness Facility in addition to funds raised so far. Will ameliorate post COVID public health and is located in a lower income area for ease of access to those with fewer resources. Such a facility will also support long term economic growth as an attractive addition to future residents and businesses.	3/22/2022 5:08 PM
141	Facilities located near residential areas.	3/22/2022 3:18 PM
142	See my answers above.	3/22/2022 10:14 AM
143	One specific goal I'd like to see achieved with this COVID Recovery Fund is a variety of support systems available to parents throughout Urbana. In fact, supporting parents needs to be a community priority. The impacts on the mental health of adults and children alike will not be fully known for years to come, but there are countless studies (that I have researched extensively through my master's program in Psychology—Child & Adolescent Development) that show that when the parent-child relationship is strong, children will have healthier outcomes even when traumatic events (like this pandemic) occur in their lives. When EVERY parent is equipped with tools to meet their child's developmental needs and learns how to build a secure attachment at every stage of development- ***Child abuse and neglect, mental illness, aggression, teen pregnancy, teen suicide, and even crime decrease. ***Self-esteem and academic achievement improve. ***Schools, neighborhoods and communities are safer. ***Children have healthier outcomes in their social, emotional, cognitive, and moral development. These changes are not going to happen overnight and supporting parents is not a "quick fix" answer to so many issues facing our children today--especially with all of the challenges they face already compounded by the pandemic, but yet, the changes will happen slowly throughout time and will be more effective with long-term community dedication. If Urbana values their children...their children's futures...and the overall well-being of their community, then Urbana must rally around their parents now so that their children will thrive, and this pandemic will not devastate this community for years to come!	3/22/2022 9:31 AM
